**Sunreef Yachts**  
LUXURY CATAMARAN MANUFACTURER

The 40 Open Sunreef Power is a dynamic day cruiser taking speed and luxury to a whole new level. Vast, stable and fully customizable, this radical multihull speedster is all about lifestyle and performance. Powerful engine configurations, finest upholstery, individually-selected hull colour, premium sound systems, sun awnings, fishing rods, or a fully-equipped wet bar – the possibilities to personalize this unique craft are limitless.

“

*Sunreef Yachts enters the market of superyacht tenders and day cruisers with a very exciting product. With a beamy multihull structure and folding bulwarks the 40 Open Sunreef Power has unbelievable amounts of lounging space and is naturally balanced at high speeds. With the model's planing hull version now launched, we are already working on the hydrofoil edition. We never stop!*

Francis Lapp – Sunreef Yachts Founder and President

The hulls offer more than enough volume for a spacious bathroom and utility room, whereas the aft sunpads conceal immense storage to keep water toys and diving gear at hand. The open bow section can also be used for a comfortable cabin with a double bed for overnight trips.
